PROTECTION TO HOME LABOR AND HOME PRODUCTS NECESSARY TO THE PROSPERITY OF THE AMERICAN FARMER: By HENRY CAREN BAIRD," Is the title of a large, full tract of sixteen doublecolumn pages, to which we ask the attention of the friends of
Free-Labor throughout the country. There is not a farmer of
any party or of none who can read this pamphilet, without signal
instruction and profit, no matter though he should dissent from
that view of Political Economy and National Policy which it inculcates. Never was the ruinous nature of that system of Agriculture which grows a few rude, bulky staples for a distant market more vividly exhibited than in this tract, while no ordinary
farmer can read it without at least resolving and seeing how to
be a better farmer than he has ever yet been. We beg our
friends everywhere to order at least a specimen of this tract, for
we are sure they cannot read it without wishing their neighbors
to do otherwise. Price 4 cents a single copy, 25 cents per dozen,
